Dear Ms. Avison:

I am pleased to inform you that your proposal entitled "Tool and Methods Development, Healthy School Assessment Tool: Positioning Canadian Schools for Improving Student Health and Providing Chronic Disease Surveillance" has been approved for funding under the Enhanced Surveillance for Chronic Disease Program. As you may be aware, before this approval can be considered final, both parties must sign the Grant Agreement which sets out our respective obligations and the conditions under which payments will be made. The Public Health Agency of Canada official responsible for your file, Ms. Yvonne Côté, will be in touch with you regarding this final and necessary step in the approval process. Should you have questions about this process, please contact Ms. Côté at (613) 946-8830.

If you are planning to announce that your project has been approved for funding under the Enhanced Surveillance for Chronic Disease Program, we would ask that you wait to do so until such time as the Grant Agreement has been signed by all parties concerned.

I am confident that your project will contribute to the achievement of the goals of the Enhanced Surveillance for Chronic Disease Program.
