

PAN-CANADIAN JOINT CONSORTIUM FOR SCHOOL HEALTH (JCSH) LOGIC MODEL-NATIONAL

VISION

Children and youth in Canada thriving in school communities committed to optimal learning, health, and well-being.

MISSION

To work collaboratively across the education and health systems to support the learning, health, and well-being of children and youth in school communities

WHAT IS JCSH?

JCSH is a partnership of 25 Ministries of Health and Education in Canada working to promote a comprehensive school health approach to student well-being and achievement for all children and youth.

CONTEXT

JCSH provides leadership and support to member governments, enabling the education and health sectors to work together more efficiently and effectively while building system capacity to improve health and learning outcomes.

VALUES

Collaboration
Diversity and Inclusion
Equity
Evidence-informed Practice
Innovation

GOALS

- Leadership – to advance CSH principles through policy, practice, research
- Knowledge Development and Exchange – to build, share, and leverage knowledge to support student learning, well-being
- Capacity Building – to enable member jurisdictions to advance CSH
- Monitoring, Evaluation, and Accountability – to develop and implement a comprehensive evaluation framework

INDICATORS

- Communication Materials
- Member (Cross-sector, cross-jurisdictional) Table Meetings
- Partner Meetings
- Tools for schools
- Resources for ministries, organizations
- Research initiatives
- Conference presentations
- Working groups
- Stories mapping
- Curricula renewal
- Annual reports
- Consultations
- Monitoring plan
- Evaluation framework

ACTIVITIES

- Develop briefing notes, common messages
- Exchange health and education knowledge
- Leverage expertise
- Develop, adapt tools and resources
- Influence funders, researchers: CSH and student success, school-based surveys
- Conferences presentations on research, resources
- Support environmental scans, stories sharing, curricula renewal discussions
- Track, share jurisdictional initiatives
- Develop monitoring plan and evaluation framework
- Monitoring progress towards long-term outcomes and vision

SHORT-TERM OUTCOMES

- Common messages in health, education ministries
- Increase in coordinated initiatives with other sectors and partners
- Increase in research on CSH and coordinated research efforts

MEDIUM-TERM OUTCOMES

- Increased uptake of CSH approach
- Increased implementation of CSH culture in schools in Canada
- Increased research initiatives on CSH
- Improved school-based surveys coordination

LONG-TERM OUTCOMES

- Increased System Capacity, Collaboration, and Efficiency
- Increased Research Coordination
- Increased Inter-Sectoral Action between Education and Health
